# Microscopic Findings

## Pres. Ronie P. Masangkay

After three long years of hibernation “**MICROSCOPIC FINDINGS**” is now again on the top of the situation, but this time not in the Secretary’s corner but in the President’s corner. Every edition of my corner will be extracted, aspirated, dissected, centrifugated and x-rayed to credibly come up with very memorable write-up possible.

As early as November 2009, yours truly started working on the essential trainings mandatory to become an effective Club Leader. Some of these trainings were the Pre-PETS, PETS, DISTAS, and the Membership Forum. Following all of these trainings, I can now express with confidence, that, “**I’M READY**” to face the new challenges of my life as a Rotarian.

This year, the theme of Rotary International is: **Building Communities, Bridging Continents**. We build the community...we build their dreams...we help connect the world, in many ways than one. For us to accomplish this, we must be **BIGGER, BETTER** and **BOLDER**. And that is the goal of our club this year under my term. I implore every member’s cooperation and active participation for the realization of this endeavor.

Let me congratulate the men behind the success of our three-in-one project last July 4 (Tree Planting, Integrated Community Health Services and Motorcade/Public Image): Dir. Benjie Malaya as the Director responsible for the Health and Hunger Committee, Asec. Val Barcinal as the Chairman of the Tree Planting and Medical Mission, and Dir. Pat Corpus for the Motorcade and unveiling of our billboard. To PP Manny de Guzman and PP Boy Ong for hosting the venue and breakfast. Asst. PRO Jerome Josef for providing medicines and service of his physician spouse, PP Dindo Santos and IPP Vincent Santos, two of the medical doctors involved in the patients’ health consultation, our very own City Mayor, PE Del de Guzman, and City Vice-Mayor, PP Fabi Cadiz, and our fellow Rotarians who participated and exerted effort to support the said project namely VP Dodjie Cabalquinto, Treas. Bernard Cansana, Dir. Cris Merino, Dir. Hermi dela Paz, PP George Ty, PP Dante Verano, AG Rene Reside of RC Marikina Hilltop and my ever diligent Secretary, Allan Perez.

We planted 150 varieties of tree seedlings in the surroundings of Greenbrier Subd. and there were a total of 200 patients who benefited from the free health consultations and given free medicines. 40 patients had chest x-rays, 25 patients received examination for Blood Sugar, 40 patients examined for Cholesterol, 30 patients had bone scanning, 20 patients for PAP smear, 50 patients for ECG, 20 patients had tooth extractions and almost 100 patients were checked for their visual acuity.

The Tree Planting and the Integrated Community Health Services is a joint project commissioned by RC Marikina and RC San Mateo and I am extremely grateful to the flock of our partners in service such as the Inner Wheel Club of Marikina headed by its President, Liza Masangkay, along with her group are Sps. Elay Fidelino, Sps. Vising dela Paz, Sps. Leonor Ty, Sps. Zeny de Guzman and Leah Ty. The Marikina Valley Medical Society and their Auxiliary, the Volunteer Dentists, RCC, Mobile Optical Clinic, Drug Companies and of course to the Management and Staff of St. Ignatius de Loyola Health Care Services for providing the Free Mobile X-Ray and Pap Smear.

Prior to conducting the three-in-one project in San Mateo, on July 1, 2010, IPP Vincent, together with VP Dodjie, Dir. Hermine, Dir. Pat, Sec Allan and yours truly, spearheaded the donation of a set of computer in H. Bautista Elementary School. This donation was in response to one of the school’s requests after the massive destruction they suffered from typhoon Ondoy.

## Sec. Allan SM Perez

HAPPY NEW ROTARY YEAR EVERYONE!

Tonight, we are going to witness the symbolic handover of authority from our Visionary Leaders to our Global Presidents. Let us listen to IPP Vincent Santos as he presents to us the accomplishments from last Rotary Year in his Valedictory Address. Also, find out what is in store for us this year as Pres. Ronie Masangkay performs his ever exciting and jolly Inaugural Speech.

In response to the District's call for a Bigger, Better and Bolder Rotary Year, let us participate in all our upcoming events: On Tuesday, July 13, 2010, let us join PP Manny de Guzman and meet the prospective members of the club we are extending in Rodriguez, Rizal. The meeting will be held at 12:00 noon in Popoy's Grill located at the new Montalban Town Center 2.

During our next regular meeting, Thursday, July 15, 2010, is the re-launching of our website. PP Dindo Santos, chairman of Club Website Development, will show us some new features. Lastly, on July 22, 2010, our Japanese friends from District 2770 will be arriving with their incumbent Governor and 2 PDGs to attend our regular club meeting and fellowship. Let us show our support and extend our helping hand to PDG Efren de Guzman and Rtn. Patrick Ong in all the preparations.

### Council approves fifth Avenue of Service

Representatives at the 2010 Council on Legislation approved an enactment 28 April to add a fifth Avenue of Service: New Generations.

After adopting an amendment to change the name from Youth Service, as originally proposed, to New Generations, the Council narrowly supported the addition to article 5 of the Standard Rotary Club Constitution. The 263-250 vote was received by surprised gasps and applause after a short debate.

New Generations joins Club Service, Vocational Service, Community Service, and International Service as the foundation of club activity. Before starting a project, Rotarians are asked to think broadly about how their club and its members could contribute within each avenue.

"It's a significant change – a historic day in Rotary," said Council Chair Mark Daniel Maloney. "Rotarians have always strongly supported youth activities even though they were never part of the four Avenues of Service. I think this strengthens our commitment."

The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

Representative Ronald P. Sekkel, of District 5170 (California, USA), proposed the enactment by saying that New Generations is the future of Rotary.

Opponents argued that youth services are already covered by the four Avenues of Service. One representative said that adding a fifth avenue could decrease emphasis on the other four avenues.

Representative Emile M. Rijcken, of District 1900 (Germany), said the new avenue is well deserved. "The volume of activity in youth programs shows how strong Rotary can be," she said. "The addition of New Generations to the Avenues of Service will contribute in an enormous way toward public opinion."

A representative makes a point on a resolution during the opening day of the Council 26 April. On Wednesday, the Council approved adding a fifth Avenue of Service. *Rotary Images/Monika Lozinska-Lee*

### **Healthy diet foods benefit the body by:**

- Reducing the risk of diseases and boosting recovery from illnesses by improving the immune system functioning.
- Increasing metabolism and enabling an efficient conversion of food into energy.
- Enhancing the fat burning process.
- Maintaining a healthy digestive system and reducing digestion problems.

### **Best Foods for a Healthy Diet**

Some of the nutritious foods which can be added to your balanced diet are easily available. Different combination of food items can help in improving the taste thus increasing your appetite. People believe that nutritious foods are usually bland; however, it is completely untrue. You can indulge into one of the healthy diet food recipes and treat yourself with a chicken stroganoff (with low fat cheese of course!) or an elegant pasta dish. You can add the following to your recipes to make them nutritiously delicious.

- Green vegetables
- Dark leafy greens and lettuce
- Fresh fruits and berries
- Healthy snacks
- Dried fruits and nuts
- Whole grain breads and pasta
- Grass fed beef and bison meat
- Oily ocean fish of cold water
- Low fat milk or soy beverages
- Seeds and legumes
- Healthy cooking oils like canola and olive oil

Healthy diet foods keep the body healthy and ensure a life free of diseases. Physical exercise should be incorporated along with a balanced diet to give positive results. So, make good use of the foods available, enjoy them and get a long and healthy life as a bonus.

# *Ecology Matters*

## *A Sec. Val A. Barcinal*

### **ECOLOGY MATTERS**

The title of my column “Ecology Matter” refers to topics about my love for mother earth. Or should it be titled “Ecology is what matters”. I never realize I would have interest in ecology, never did I imagine myself to help in my small way to protect our ecology like a small voice in the wilderness that will shout to the world “Hey what are you doing to our mother earth! Can’t you see it is sick because we never care for it”.

It all started when the destructive onslaught of Ondoy. I was really shock it happened and started to question how and why did it happen. I never had any inkling of the reason until we Arlene and I have a short visit to Singapore. It was really like paradise. I started to love the trees. Every corner has tree that give shades and color to the landscape. And it is a sure protection against flood and landslides.

But what is Ecology? The term “Ecology come from Greek: οἶκος, "house" or "living relations"; -λογία, "study of"). It is the interdisciplinary scientific study of the interactions between organisms and their environment. It is also the study of our ecosystems.

Why discuss Ecology in a bulletin for Rotary. Why not? I always believe that in order to convince many to love our mother earth we should learn how to appreciate the beauty of our natural environment and learn how to care for it.

This will be an avenue to explain the changes that happen to our environment like green house effect that lead to climate change, the horrible destructive man’s activity that destroy our environment exemplified by typhoon Ondoy.

If we all know of these things, we will be better equipped to help how to prevent disastrous effect of climate changes. Our project will have more meaning and impact on our environment.
