We ask You Father to give us the eyes to see what is Highly valued in Your sight. We want to do service for You while we live, and let Your name be glorified. Also, we want to abide in You, that when You appear, we may have confidence and not be ashamed before You at Your coming.</p> <p>We are your servants Father, make us to be faithful stewards in Jesus’ name. ## *Microscopic Findings* *Pres. Ronie P. Masangkay*

At long last, on July 18, 2010, during the Rotaract District Assembly, the Rotaract leadership was finally turned-over, from Ms. Adette Arce, to Ms. Wheng Tejada as the new District Rotaract Representative. It is always our pride and honor to welcome a new leadership for the Rotaract Club of Marikina because this Rotaract Club is under the helm and nurturing of the Rotary Club of Marikina. Their Club spearheaded the hosting of this event in collaboration with the RC Marikina. Our very own District Governor Jun Farcon delivered his inspirational speech as one of the highlights of the event and Director Hermie dela Paz talked about Club Accounting. A number of Rotarians supported the event like PP Dante Verano as the Chair Responsible for Rotaract, VP Dodjie Cabalquinto and Sec. Allan Perez . Congratulations, Wheng, for a job well done!!!! Rest assured that the RC Marikina will always be there to support you and your club's undertakings every step of the way!

The move for the extension of RC Montalban had its 4<sup>th</sup> meeting last July 20, 2010, whereby, PP Manny de Guzman, the Chairman for the Club Extension, together with PP Tony Fidelino, PP Joe Judan, PP Boy Ong, Treas. Bernard Cansana, Sec. Allan Perez and yours truly literally bridged to our neighboring town to charter a new club outside of Marikina. I am truly optimistic that this project of ours will be realized in two months time!

Tonight, let us welcome our Japanese Rotarian friends from District 2770 headed by their Past District Governor Tetsuo Tanaka, PAG Kazuhiko Tojouh, PAG Takashi Iijima, PP Takashi Yamamoto, PP Toshio Motohashi, PP Katuo Kondo, Rtn. Kazuhiko Kikuthi, Rtn. Katuo Horiguthi, Rtn. Hajime Yano and Rtn. Tuneo Maehara.

Let me take this opportunity to thank PE Del de Guzman for lending us the LCD and Wide Screen during the recently concluded Zone 4 Joint Induction and for generously donating one whole lechon baboy for the affair.

Our heartfelt condolences to the bereaved family of Sps. Vivian for the passing away of his beloved father, Mr. Danilo Valentino. May his good soul rest in peace.

## **Seven Habits of Highly Effective Rotarians by Dr Jagdish Bhatt, D3140 India**

### **1. ATTENDANCE:**

Effective Rotarians always try to attend their club meetings or make up at other clubs as much as possible. They are aware that regular attendance is an important part of their membership commitment and do not miss a chance to attend. They participate on committees which they are members of, plus others if invited. They are keen to attend all club events and district functions. They participate in the District Assembly and District Conference each year, and have attended a recent Rotary International Convention.

### **2. FELLOWSHIP:**

Effective Rotarians enjoy meeting other members and often feel this fellowship is as important to Rotary as the actual business part of a meeting. They go out of their way to talk to those whom they do not know and believe a stranger is just a friend they have not met yet. Outside of Rotary they also enjoy meeting people and getting acquainted with them. At large Rotary gatherings they make an effort to meet others, rather than just fraternizing with friends from their own club.

### **3. VOCATION:**

Effective Rotarians respect every vocation and understand how the classification system is the basis of Rotary. They firmly believe that each vocation provides a cog in the wheel and is important, however insignificant it may appear. They firmly believe each member should try to excel in their job and they try to support and help others to reach their full potential.

### **4. DISCIPLINE:**

Effective Rotarians understand the value of self-discipline and know that productive accomplishments are hard to achieve without it. They realize that both inner and outer discipline must be maintained in a proper balance and can enforce both disciplines when and where required.

### **5. TIME, MONEY & ENERGY:**

Effective Rotarians know they have a purpose in Rotary and fully realize they must earmark a certain amount of time, money and energy to maintain this commitment. They also realize these three things should be shared in proper balance between their family, vocation and community.

### **6. EMPATHY:**

Effective Rotarians put themselves in the position of the other person, especially if that person is in difficulty. They know that mere sympathy may not be enough, can be empathetic and feel compassion for the difficulties of others. They believe that what they are doing for their community is merely returning a small part of what they have already received from it. While they may appreciate recognition for their efforts they do not hanker for it.

### **7. IMAGE OF ROTARY:**

Effective Rotarians may sometimes feel that all is not right with Rotary or there are too many 'politics'. They know some elements in Rotary need improvement but rather than be negative they use a positive approach to help rectify things. They maintain a positive attitude and portray a good image of Rotary, both inside and outside the organization.

### **TO IMPROVE NUTRITION:**

1. Buy whole foods -- whether canned, frozen, or fresh from the farm -- and use them in place of processed foods whenever possible.
2. Reject foods and drinks made with corn syrup, a calorie-dense, nutritionally empty sweetener that many believe is worse for the body than sugar, says Katz.
3. Start each dinner with a mixed green salad. Not only will it help reduce your appetite for more caloric foods, but it also will automatically add veggies to your meal.

### **TO IMPROVE PHYSICAL FITNESS:**

1. Do a squat every time you pick something up. Instead of bending over in the usual way, which stresses the lower back, bend your knees and squat. This forces you to use your leg muscles and will build strength.
2. Every time you stop at a traffic light (or the bus does), tighten your thighs and butt muscles and release as many times as you can. (Don't worry, no one will see it!) This will firm leg and buttock muscles, improve blood flow -- and keep you mildly amused!
3. Whenever you're standing on a line, lift one foot a half-inch off the ground. The extra stress on your opposite foot, ankle, calf and thigh, plus your buttocks, will help firm and tone muscles. Switch feet every few minutes.

### **TO IMPROVE STRESS CONTROL:**

1. Give your partner a hug every day before work. Studies show this simple act can help you remain calm when chaos ensues during your day, Katz says
2. Have a good cry. It can boost your immune system, reduce levels of stress hormones, eliminate [depression](#), and help you think more clearly
3. Twice a day, breathe deeply for three to five minutes

### **TO IMPROVE SLEEP:**

1. Sprinkle just-washed sheets and pillowcases with lavender water. The scent has been shown in studies to promote relaxation, which can lead to better sleep.
2. Buy a new pillow. Katz says that studies show that pillows with an indent in the center can enhance sleep quality and reduce [neck pain](#). Also, try a "cool" pillow -- one containing either all-natural fibers or a combination of sodium sulfate and ceramic fibers that help keep your head cool.
3. Eat a handful of walnuts before bed. You'll be giving yourself a boost of [fiber](#) and essential fatty acids along with the amino acid tryptophan -- a natural sleep-inducer.

### **Lesson learned from storms**

I hope everyone reading this article remembers my last was about Typhoon Basyang. I missed last Club meeting and was not able to get feedback. As promised I will add a rejoinder about typhoon. This topic was taken from Philippine Daily Enquirer July 16, 2010 issue under the column Lotus Pond by R. Valencia Bismark.

“STORMS COME and go. The important thing is, we should learn valuable lessons from them:

We must not be lulled into the illusion of perfect weather, or that storms are too far away to touch us. They can strike anytime, and we must make sure that we have a solid shelter to protect us from the wind and rain. In life, we must also prepare for problems that can creep up on us unpredictably and cause suffering. We must have a powerful refuge—the Supreme Protector is stronger than any storm.

In the eye of the storm, there’s calm. If the center of our existence is the Supreme Being, we can find calmness even if storms are all around us.

Storms are temporary. Similarly, situations also come and go. Don’t swim in floods of attachment, fly with the winds of gossip or get buried in the landslide of material competition and intrigue. Focus on the Supreme, not on material existence.

Storms can topple trees and wash away homes. If you have strong roots in your life, no storm can topple you.

### **Burdens**

Storms remind us of what is basic and necessary. Forget trivial things, they’re burdens that hinder our movement. At the very last storm of our existence, the only things we can take with us are our spiritual treasures rooted in our connection with the Supreme. The rest will be washed away.

A wise man doesn’t do battle with a storm. He seeks shelter in its origin. He sits untouched and undisturbed in the warmth of spiritual love and views the raging storm through the window, because he finds safety and security in the grace of the Supreme.”

# Project Report

*By PP Dindo Santox*

On July 1, 2001, we launched our website **rcmarikina.org**. It was the very first club website in RI District 3800. It was under a free hosting service. Every year we re-launch our website with a new design and new features. In 2007, we acquired a paid hosting service with the help of VP Dodjie Cabalquinto. The domain **rcmarikina.org** also expired in the same year and we lost it, thus we acquired **rcmarikina.com** for a while until we re-acquired **rcmarikina.org** again. In 2008, we followed the RI-suggested naming of Rotary websites hence we have the domain **marikinarotary.org** now.

It could have been great if the very first website is still in existence. However since the company that offered free hosting service closed down last October, all the webpages from 2001 to 2007 can no longer be viewed. I also used to have all the backup files but it was destroyed during *Ondoy*. Reconstructing 6 years of data and pictures is crazy, so we have to be contented with what were left – from Rotary Year 2007-2008 up to the present.

Our website was awarded the Best Website of District 3800 in RY 2007 - 2008.

For this Rotary Year, our Valley Wheel is now downloadable from the website. Sec. Allan Perez converted it to PDF file and it can be opened using Acrobat Reader. Maybe in a year or two, we can go paperless, not just to save on printing cost but also to do our share in saving Mother Earth. No more printed version, just download the bulletin and read it in your own computer. We also incorporated banner ads on the front page for members to advertise their businesses. And just like before, the weekly activities will be updated regularly two to four times a month.

Having our website helped the club to provide information not only to our members and other Rotarians but to the whole world as well. To mention a few, before Facebook became popular, the son of PP Flor dela Paz in the US visits our website to see his dad in the pictures. Our project sponsors can also monitor the status of our projects by visiting the activity page. I was surprised last Christmas party when our friend PP Kazuhiko Toujoh of RC Omiya East asked me why our website was not updated. These are proofs that our website has regular visitors.

So please visit our website and give your suggestions to make it **BIGGER, BETTER** and **BOLDER**.
